Family School Liaison Counselling Philosophy

School Counselling Services are an integral and essential component of the educational process for our

students as they progress through the educational system. The need for these services is dictated by the complexity of the human growth process, the demands on youth and the ever-changing nature of society.

Students will be provided with:

- ▶ Opportunities to develop knowledge and an appreciation of themselves and others;
- ▶ Opportunities to develop relationship skills, ethical standards and a sense of responsibility;
- ▶ Opportunities to acquire skills and attitudes necessary to develop educational goals which are suited to their needs, interests and abilities;
- ▶ Information which would enable them to make decisions about their life.

Families, school staff, the Catholic Church and partnering agencies contribute to the implementation of the counselling program, both informally and formally, as well as by identifying and referring students who have particular social, emotional or behavioral needs. Specific counselling functions require the intervention of family school liaison counsellors and select members of the learning team.

Program History and Introduction

The Family School Liaison Program was developed in response to the identified needs of children and families in the communities of the Holy Spirit Catholic School Division: Pincher Creek, Picture Butte, Lethbridge, Coaldale and Taber. There are community, regional and provincial agencies operating within its boundaries whose mandate is that of working with children and families. These existing agencies have clear criteria that define when they can and, alternatively, when they cannot, provide service.

They would affirm there are children and families who require support, but do not fall within their prescribed operational guidelines. Therefore, Family School Liaison Counsellors “fill the gap.” They are the link that connects school, home, church and, when necessary, outside agencies. They are the conduit through which services are coordinated for children, families, and school personnel.

Children, students, and their families are the clients of the Family School Liaison Counsellors. Although counselors may work with groups of students, files will only be maintained for individual students receiving one-to-one counselling services. For purposes of aggregated data collection, a ‘client’ is a child / student who has received three or more individual counseling sessions.

The school setting is a natural, non-threatening environment to offer the support to children and families who may benefit from early intervention. A child who may be struggling at home and in the community may display his or her struggles at school. Early identification of difficulties enables successful, timely, intervention with families. The Family School Liaison Counsellor provides services to all students within the school setting he/she serves. The counsellor works in a pro-active capacity, guiding students in maximizing their potential thus, the overall program goal.

A focus for the Family School Liaison Program is to ensure that program delivery and content is consistent within the jurisdiction and aligned with programs regionally. Communication is ongoing through the Student Health Initiative partnerships and regional Family School Liaison Regional Advisory Committee. Information is exchanged regularly and all partners work toward the seamless integration of services for students and families.

Program Services

The Family School Liaison Counselling Program creates a valuable link between home, school and other agencies as required. The program provides services directly to the child and family at their home, the school or a mutually agreed upon community site. These services are free and available to any family with students attending the Holy Spirit Catholic School Division.

Program services are being divided into four categories:

1. Counselling:

- ▶ The primary role of the Family School Liaison Counsellor is to provide individual or small group counselling sessions with children.

2. Prevention/Educational Programming:

- ▶ Supporting safe and caring school initiatives.
- ▶ Facilitating presentations/workshops on identified areas of need for students, families and school personnel. These may include supporting Safe & Caring Schools initiatives & faculty presentations within the community.

3. Community Liaison:

- ▶ Family School Liaison Counsellors provide liaison with community agencies and links between school personnel and appropriate community agencies' personnel.

4. Crisis Intervention:

- ▶ Risk / Threat assessment and post-crisis intervention.

The Role of the Family School Liaison Counsellor

The Family School Liaison Counsellor works within the school environment to support children/ students experiencing emotional and/ or behavioral problems and their families. The counsellor has a pivotal role in:

- ▶ Counsel/ support students and families as members of a faith-based community.
- ▶ Enhancing family situations through supporting, education and referral.
- ▶ Partner with school-based resource teams and community-based professional teams to meet the needs of students/ families.
- ▶ Participate on the school-based Threat Assessment Team, and Post-Crisis Response Team.
- ▶ Support school-wide prevention programs
- ▶ Co-ordinate classroom presentations.
- ▶ Liaise with community agencies and participate in special community projects.
- ▶ Co-ordinate services with Native Liaison workers and/or native band representatives, when applicable.
- ▶ Support school personnel as needed.
- ▶ Referring students and their families, as required, for therapeutic services.

The role of the Family School Liaison Counsellor is to utilize a pro-active approach to assisting students and their families in managing difficult issues. In crisis situations, the Family School Liaison Counsellor may be a member of the responding school-based team.

Reasons for Referral

- ▶ Behavioral concerns
- ▶ Social issues
- ▶ Emotional needs
- ▶ Medical issues
- ▶ Family concerns

Referral Process

Referrals will originate from students, parents, teachers, principals, and/or representatives from other community agencies.

The following are considered necessary in a referral:

1. Criteria for Referral:

- ▶ The child must be enrolled in school.
- ▶ The child and/or family must be willing to receive counselling or other related services (with written consent).
- ▶ The primary problem does not centre around medical/organic difficulties. Special cases may be referred to the Director of Support Services.
- ▶ Students 16 years of age and older may access counselling services without parent/ guardian permission.

2. Process for Counselling Services:

- ▶ A parent, teacher or principal who is concerned about a child is asked to fill out the referral form. All information written on the referral form will be made available to the parents/legal guardians. It is the referring party's responsibility to contact the family for parental permission.
- ▶ The referring party will make initial contact with the parents/legal guardians and the Family School Liaison Counsellor will follow-up with intake.
- ▶ Obtain administrator's signature. Upon receipt of the completed referral form and following parental notification, as part of the intake process, the Family School Liaison Counsellor will make contact with the parents/legal guardians to discuss the child's needs and explain informed consent.
- ▶ Parents/legal guardians will sign consent for service for students under the age of 16.
- ▶ At the discretion of the Family School Liaison Counsellor, a student can be seen one time, without verbal parental/ guardian consent.

Case Closure Process

The child, youth and family will exit counselling services when:

1. Criteria:

- ▶ The Family School Liaison Counsellor recommends case closure with the family, student and involved professionals, OR
- ▶ The child/family decline continuation of services, OR
- ▶ The child/family is referred to another agency. Continuing Family School Liaison Counsellor involvement will be determined in consultation with the family and receiving agency.
- ▶ The child is no longer a student of the school.

2. Closure Protocol:

- ▶ Following a final contact with student and family, files close at the end of each school year. Parents / guardians will receive a closure / termination letter and are notified as to their option of continuing counselling services the next school year and thus their opportunity to re-refer.
- ▶ Correspondence will be placed in each student's cumulative file indicating termination.
- ▶ Students age 16 years or older may access counseling without parent / guardian permission.
- ▶ With consent of families, the Family School Liaison Counsellor will consult with receiving school personnel to facilitate transition planning as needed.

Confidentiality

Information related to children, youth and their families shall be treated as confidential information and shall not be published, released or disclosed to unauthorized persons or agencies without signed parental consent.

Family School Liaison Counsellors in the Holy Spirit Catholic School Division are bound by each individual professional association. The Family School Liaison Counsellor will only disclose information to persons, who by virtue of their responsibilities have an identified need to know, and only for the purpose of helping the child.
